Elevating platform trucks tandem roles 2.5 m as good as new

Tandem roles

2.5-m fork length

Elevating platform trucks

Special manufacture - manufactured by me, unfortunately, I never needed that and now I roll it from one corner to the other.

Tandem roles

2.5 m (!!!!!!!) fork length, raised stability for devices, which weigh more than 1 tonne

It is optimally suited for special transportation companies or forwarding agencies, who would like to transport big devices.

Construction year approx. 1999, only few times used. The varnish is mostly undamaged.

I actually needed such a carriage in 2 m.
