Mac OS9

Machine Type: Around

Aperture: 12 aperture settings

Density Max: 4.0

Density to rank: 3.8

Around speed: 300 to in 1200 rpm

Electrical Requirements: 120 / 220 V, 50 / 60 hertz

Interface (s): SCSI

Light sensor: photomultiplier tubes; 3 channels

Light Source: Tungsten halogen lamp

Maximum input Size: 11 "x10.2"

Maximum resolution: In 4000 dpi

Original Type: reflective & transmissive (positive & negative)

Output Data: colour (RGB or CMYK): 12 bits

grey: In 4096 level of grey

Physical: width: 34.75"

height: 11"

depth: 19.75"

weight: 130 lbs

Scanner Type: desktop around scanner

Silverfast Ow

SilverFast puts Ow a new standard for the ease of the service by high-quality desktop scanners. SilverFast is Ow a professional scanner and picture treatment software, more than 120 scanners and digital cameras supported under the systems Mac (also OS-X, X.2), Windows 95, 98, in 2000, and Windows XP. SilverFast combines Ow user-friendly Bedienbarkeit with highly efficient professional controls. Beginners and advancers estimate the intelligent controls simply to be used and the possibility to be able to use adjustable regulators any time beside automatic ones also individually. A new dimension in the teamwork with the scan pilot who guarantees a correct work routine gives the predictable results in the colour area to the picture processing and the colour reproduction. The professional user is able, as usual, all operations in figures give and can exactly observe results and postadjust with an on-line densitometer. SilverFast gives Ow to users of all steps of experience tools in the hand with which

they can generate quickly brilliant pictures!

SilverFast can be used in three different variations: as a natives plug-in to Adobe photo shop; as a universal module TWAIN; or as a SilverFast Launcher.

Now SilverFast 6 also contains the job manager, a function which was available up to now only as a buyable more option!

Now from version 5.5.2 SilverFast Ow and SilverFast HDR allow 16 bit and an entire 48 bit colour-corrected issue.

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
