Kodak i65 document scanner

new

Perfectly for the most different demands for grasping, publishing and putting into archives of documents.

Duplex (i65) scanner for Colour, Black and white and horror step version

Famous Kodak image quality by Perfect page Scanning with iThresholding

High scan speed - up to 32 sides or 64 pictures per minute

Automatic document move to easy scanning of documents up to a length of 86.3 cm

Integrated level bed to comfortable scanning of sensitive or engaged documents

Quick equipment and an easy company with the attached drivers and a mature software suite, among the rest, KODAK Capture software Lite encloses

Two connection possibilities: USB 2.0 (map and cable in the scope of supply) and SCSI-2

Worldwide service and Support for unconcerned scanning

Functions:

High scan speed: Do your work with the automatic document move in the twinkling of an eye.

Integrated level bed scanner: Very well for scanning of unusual documents or from engaged material.

Colour, Black and white or grey steps: Always the suitable picture types at the right time - even the concurrent issue of Bitonal and colour pictures or from Bitonal-and horror step pictures is possible.

On the places - Ready - Scan:

Revised drivers of a quick and easy installation

Connection possibility more than two interfaces: USB 2.0 (map and cable in the scope of supply) and SCSI-2

You can begin with the attached software immediately with scanning:

KODAK Capture software Lite can be installed within less minutes and helps you to optimise your workflow and to achieve maximum achievement. She allows scanning, announcements and memories of pictures in the usual batch issue formats and is suited for practically every workgroup use. Moreover, she is upgradefähig and lets herself quite simply update on the full version of the Capture software.

READ'S IRIS Per Corporate edition offers important functions to quick discovering of text information - including Mehrseiten-text recognition (OCR) and direct change of scanned documents in searchable PDF files.

Automatic edge distance and sloping situation correction: Automated scan functions help you to do your work fast.

From the user interchangeable wearing parts: Maximum operation duration by simply interchangeable parts.

Adaptable colour filtering: Improvement of the text recognition by filtering out undesirable background colours in forms numerous colours can be filtered out by software-steered adaptation of the red canal, green canal or blue canal.

Technical data:

Day volumes

Up to 1,200 sides daily

Durchsatz (portrait format, A4, USB 2.0)

i55: i65:

Colour pictures with 150 dpi

25 pages / min.

25 ppm / 50 ipm

Horror step pictures with 200 dpi

32 pages / min.

32 ppm / 64 ipm

Bitonalbilder with 200 dpi

32 pages / min.

32 ppm / 64 ipm

Bitonalbilder with 200 dpi,

firm threshold value

36 pages / min.

36 ppm / 72 ipm

ppm = pages/minute (sides per minute) (Simplex scanner)

ipm = images/minute (pictures per minute) (Duplex scanner)

Picture capture

i55: single CCD

i65: two CCDs

The grey value depth of the issue amounts to 256 steps (8 bits).

Colour capture with a colour depth of 48 bits

24-bit colour on the issue

Optical resolution

600 dpi

Source of light

Cold cathode fluorescent lamp

Issue resolution

75, 100, 150, 200, 240, 300, 400 and 600 dpi
Document-maximum size

Level bed: 215 x 297 mm
ADF: 215 x 863 mm
Document-minimum size

Level bed: less than 25 x 25 mm
ADF: 94 x 140 mm
Paper strength and paper weight

Level bed: from carbon paper up to 38-mm-thick to engaged Material* (while scanning of engaged material the functions function if necessary to the automatic edge distance and sloping situation correction not)
ADF: From 60 to 105 g/m²)
Move

Automatic document move for up to 75 sheets of paper with 60 g/m²
Double move control

By length recognition
Interface

SCSI-2 interface: HD50 connections (50-pole)
USB 2.0 (map and cable included in delivery)
Provided software and driver

TWAIN-and ISIS driver
KODAK Capture software Lite
READ'S IRIS Per Corporate edition
Picture capture functions (hardware-based)

Perfect page Scanning with iThresholding, automatic edge distance, complete edge distance, sloping situation correction, electronic Color-drop-out, semitone distance, drunkenness reduction
Compression

CCITT Group IV; JPEG or uncompressed issue
File issue formats (with the attached drivers)

JPEG (for Colour and horror step pictures)
TIFF (for Bitonalbilder)
Electric connection

100-240 V; 50-60 hertz; universal net part in the scope of supply
Power consumption
