Canon Ixus V3 digital camera

Non-New

Incl. four accumulators & two battery chargers

The Canon digital camera IXUS v3 fascinates by her attractive design. But the new member of the Digitally family IXUS has to offer more than good appearance and ultracompact mass. The Digitally IXUS v3 takes above all high-class photos. In addition it is equipped with 3.2 Megapixel sensor which provides in the teamwork with the new processor DIGIC for even more image quality which also makes in print big impression. The new 9-point AiAF System uses nine measuring fields for the automatic sharpness and exposure control. Besides, the iSAPS technology provides for a motive-based interpretation of the picture data. Proven Canon functions like the panoramic assistant and enlarged video-functions open additional possibilities for the creative creation with the Digitally IXUS v3. 3.2 million picture points: With the resolution of 3.2 million pixels get themselves to expression in the format 20x30 cm.

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
