## **Mobotix M10Di-Night IP vision Sercuity system**

We have installed the Night models with Secure Flex holder here demonstration-ready together with geclusterten Linux RAID-1 300 GB NAS of systems which are protected about AIT-4. Thus you have to store the possibility decades in picture data, to find again and to evaluate. We have integrated the cameras into our VDS taken alarm system. They see everything also with almost complete darkness.

We buy used Mobototix cameras and also repair that.
