

PULSE Color Ensemble

The GATF Intertech Technology Award-winning Pulse™ . . . meets the professional's choice for color profile creation and editing, MonacoPROFILER.

Announcing the new Pulse Color Ensemble from X-Rite.

The latest addition to X-Rite's Color Ensemble family, the Pulse Color Ensemble is ideal for digital capture and editing applications, as well as in-house proofing and review where workflow color consistency is a requirement. The profiling engine fueling the solution is the newly updated MonacoPROFILER 4.8, featuring powerful tools to edit output profiles using lightness, saturation and output curves. Display profiling is enabled through integrated OPTIXPro software and colorimeter. And the precision measurement functionality of the Pulse hardware provides color validation across your work process.

BRAKENSIEK®
SYSTEMHAUS

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
