

Best / EFI Colorproof XXL Version 5.0

Best / EFI Colorproof XXL

Version 5.0

Professional Proof software

Best Colorproof XXL makes a professional Proof device from your customary ink ray printer.
File types are supported like PostScript, PDF, TIFF, TIFF/IT, JPEG and still many other ones.
The Colormanagement is based on the international ICC standard.
Several especially co-ordinated cues can be put on.

For ink ray printer to 60 inches. All printers from M and XL are supported, in addition:

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
