

Mutoh Falcon II RJ-8000 Series

Mutoh Falcon II RJ-8000 Series

The Falcon II from the house Mutoh offers the highest speed for "indoor sign making market"
Mutoh's the newest pressure head technology combines the highest resolution and quick pressure.
They have the choice of the most different pressure modes - everything is possible... high speed from up to 40 square metres hour or the best quality with up to 1440 dpi.

Variabele Tintenbestückung

The Falcon II allows the application of different ink sentences. Choose between 4, 6 or even to 8 different printing inks.

They can use, for example, 2 sentences CMYK (dye or pigmented) and receive beside the highest pressure speed also a bigger ink stock.

Or you equip the Mutoh Falcon RJ-8000 with

4 CMYK dye and 4 CMYK to pigmented ink cassettes from and can change therefore any time without cleaning of the pressure heads between inks for the inside area and undeveloped outskirt area.

But by far are not yet all possibilities. To the better gradation of the colours the weakened colours light Cyan and Light are available Magenta and to reach the greatest possible colour space you can use orange and green.
