ColorGATE Proofing Paper

In addition to the hardware and software components is an important element of the factor of paper for safe and reliable under the contract proofing requirements FOGRA.

- Established own ColorGATE Product
- Ideal for proofing for offset and gravure printing applications
- Low optical brighteners
- Long-term color stability
- ISO / FOGRA compatible in color gamut and white point
- Can be used with all supported printers
- Certified media for reproducible results

Therefore ColorGATE now offers the ISOPROOF270g a proof paper, which is perfectly matched to our product range.

As well as the appropriate paper profiles are included for all of Proofgate or proofing module (optional with the production server and software solutions photogate) supported printers, we can strengthen our commitment to comprehensive proofing solutions needs.
