

Quato Intelli Proof 201

Quato Intelli Proof 201

20.1 "display with automatic proof hardware calibration

Monitors are perfectly suited Intelli Proof to the needs and requirements of the professional image and graphics editing. The integrated hardware calibration adjusts luminance, white point and luminance with 30 bit precision directly in the monitor. The user friendly iColor Display monitor offers fully automatic and in addition to color space representation and diagnostic functions are hence a statement about the accuracy of the calibration. Together with the issuance of billions of colors makes this soft proofing of high quality and reliable prediction of the subsequent printing result.

- > 1600x1200 pixel resolution
- > 30 bit internal and external color
- > Direct control of the 3x 10bit LUT and the luminance of the monitor
- > 300 cd / qm luminance, contrast 800:1
