

Apple AirPort Express Stereo Connection Kit

Apple AirPort Express Stereo Connection Kit with Monster Cables

Non-new

The AirPort Express Connection Kit for stereos with Monster Cables includes everything you need to get the most from AirPort Express base station to make full use of: a Monster Cable Mini Stereo to Dual RCA, Monster Digital Cable mini-to-optical toslink and an AirPort Express power extension cord.

Use one of the two audio cables to connect your AirPort Express to your stereo or powered speakers (which cable you use depends on the connections to your stereo or powered speakers). Use the power extension cord for more flexibility in placing the base station.
