Mobotix D22M Sec Night

Mobotix D22M Sec Night

Weatherproof outdoor dome camera (IP65) for use at night or in dark environments. In one model, the D22M-Sec-Night with a black and white sensor and an IR-sensitive lens. Maximum resolution 1280x960 MEGA 10fps.

The D22M FixDome is the latest camera generation by MOBOTIX which can display up to 30 frames per second with sound and recording. It has a camera module, which in (almost) can be positioned in all spatial directions. Using external microphone and speakers, the D22 supports bidirectional audio, records lip-synchronized sound and sends alarms via the integrated IP telephony features to SIP-based next to the user. Power is supplied via the network cable using standard PoE or the inexpensive MOBOTIX system.

With 640 x 480 pixels, the camera should be about 6 times higher resolution than the CIF images from analog cameras. In VGA (640 x 480) and CIF (320 x 240), 16 frames / sec (CIF) at a very low network load (MxPEG: about 1 Mbit / sec). Alarm management with pre-and post-playback and multi viewing of up to 30 cameras in the browser in the camera software is already integrated. The D22 cameras are suitable for wall and ceiling mount with concealed cable guide. The temperature range is -30 ° ... +50 ° C.

For extremely hazardous installation sites, the robust IT and Secure models can be further protected with the optional Vandalism Set with 3 mm thick polycarbonate dome cover and stainless steel. You have additional software capabilities and are equipped with the glass fiber reinforced plastic housing and approved the 1.5 mm thick polycarbonate dome for outdoor use according to IP-65.

Ø 160 mm
