Quato Intelli Proof 190

New

Intelli Proof 190 monitors are perfectly suited to the needs and requirements of the professional image and graphics editing. The integrated hardware calibration adjusts luminance, white point and gamma with 30 bit precision directly in the monitor. The user friendly iColor Display monitor offers fully automated, and integrated UGRA Display Analysis and Certification Tool a statement about the accuracy of the calibration and soft proofs. This reproduction of soft proofing in high quality and reliable prediction of the later printed result is secure.

Technical data:

- 30 bit internal and external color
 - Direct control of the 3x 10bit LUT and the luminance of the monitor
 - 270 cd / qm luminance, contrast 800:1
 - IColor Display calibration software and hood included
- Ugra Display Analysis and Certification Tool integration in software
- Precise 4 - channel colorimeter optional available

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
