

Sony Ericsson Xperia X1

Sony Ericsson Xperia X1

Not-New

and suitable Bugatti leather pocket

Life is mobile. Let everything that is important to you be with you all the time. The people in your life, the Internet, your music, pictures and video.

Make it yours

Style the panel display to suit your needs. Switch between panels as you like - enjoy seamless access to the information and applications of your choice.

Speed and power

With Windows Mobile® inside, you can enjoy your favorite entertainment and work efficiently on the move. Turbo 3G provides the speed you need.

Distinctive design

Arc slider design, 3 inch Wide VGA display and premium metal body: with its sophisticated and distinctive design, XPERIA™ Xperia™ X1 redefines premiumness.

BlackBerry® Connect™

Extend the capabilities of your Xperia™ X1 with secure wireless access to email, email synchronisation, viewing and downloading attachments and more.

Wayfinder Navigator™

With the Xperia™ X1 at hand, you won't get lost - no matter where your travels take you. Your phone comes pre-loaded with a trial version* of Wayfinder Navigator™. Stay on track with turn-by-turn navigation instructions, unlimited access to an online travel planning tool and downloadable maps*.

(* Length of trial period and map coverage subject to local variations.)

XPERIA™ panel interface

Enjoy access to different experiences - Web, multimedia, applications - from your desktop. Navigate with the tip of your finger. Configure and have your XPERIA™ panels just the way you want them.

Multiple navigation

XPERIA™ Xperia™ X1 lets you interact via numerous intuitive ways. Touch, full QWERTY, 4-way key and optical joystick - you switch seamlessly between operation modes.

Arc slider design

The arc design gives XPERIA™ Xperia™ X1 a distinctive and unique look. Slide the screen upwards to reveal the wide-pitch QWERTY keyboard.

3G

Quick and easy access to broadband Internet. Say hello to video calls, audio and video streaming, Internet surfing, multimedia messaging and email on the go.

Video call

See who's talking with your 3G phone. During a video call, you see a live video stream of the person you're talking to - and they can see you.

Push email

Instant email on your mobile phone, just like on your home computer. Messages are sent directly to your phone as soon as they arrive.

Integrated camera

Built-in digital camera with screen viewfinder, dedicated menus and direct interaction with in-phone imaging and messaging features.

Capture the action

Video clips are ideal for those unexpected great moments that happen when you're out there, enjoying life.

Handwriting Recognition

Text input using stylus on touchscreen: write a character as you would with a pen, and it transforms it into the corresponding letter on a keyboard.

RSS feeds

Use your phone to view up-to-the-minute news and other content from selected websites and blogs. Just subscribe to the feed and let it come to you.

Web wherever

Truly mobile Internet lets you enjoy browsing the Web and manage your email effectively with the convenience of your phone, wherever you are.

Links you like

Forget cables - wireless is the way forward. Connect to other devices with Bluetooth™ to sync, share and send.

The Wi-Fi alternative

For a fast Internet connection in hotspots, your phone has Wi-Fi support

Extended service and support

With your Xperia™ X1, you get a Support Card*. This gives you access to a dedicated Xperia™ X1 service network. Just call the Xperia™ X1 support number and get instant help whenever you need it. You can also find support on the web, and when you're abroad you have access to a special Traveller's service.

* The inclusion of the Support Card is subject to local variations.
