

B.I.G. Blitz-Softbox 33

B.I.G. Flash Softbox "33"

Non-new

The large illuminated area of 18 x 28cm (33cm diagonal) really soft light in your shots.

It is for the camera bag and folded flat with Velcro strips mounted quickly.

Because of the wide elastic band with Velcro on the softbox fits almost any flash unit, where the reflector can be directed upwards.

This creates an increased distance to the optical axis and the lateral offset is very light modeling.

Ideally, this type of installation for macro photography, as the softbox then the lens can be tilted back. This avoids that the flash fires past the object and there is a greater separation from the background. As with many other diffusers is achieved the best results with the additional lenses in compact flash units to create the softbox itself already in uniform light distribution.

Not Included:

- Sony Alpha 100
- Minolta Program Flash 3600HS (D)

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#).
