

X-Rite ColorQuality 5 Software Quality Management

ColorQuality Software

A full version of ColorQuality designed for the ink manufacturer, printers and quality assurance labs to monitor and ensure the quality of colors. Provides trend and statistic quality information for each job. Pantone and HKS digital color guide can be added.

- # Store all data for a job in a single place – including references, color standards, tolerances, measurement conditions and any other important order details.

- # Trend data, CIELab diagrams, spectral data and statistics, density values and metamerism can be printed in graphic or table form for easy analysis.

- # Practical search criteria help access new or existing color data, orders or customer information.

- # Pantone® color libraries enable you to directly access the spectral values of Pantone colors reliably and with confidence.

- # Utilizes CxF (Color Exchange Format) for seamless digital color communication from design to production to printing.

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
