

SATA Filter 444 2 Stufiger Sinterfilter Feinfilter

SATA 444 2 stage filter sintered filter fine filter

New

Additional Information:

The micro-fine filter with a fineness of 0.01 microns provides a filtration efficiency of 99.998% (100% technically clean air), thus preventing costly errors and bad paint.

The saturation level of the fine filter can be combined with the dual gauge.

Very high air flow: 3600 NI / min at 6 bar.

The cyclone separator removes oil and water from compressed air.

The automatic condensate drain valve prevented from penetrating into the compressed air system (low maintenance).

The large sintered bronze filter with a fineness of 5 microns has long life time and is easy to clean.

Robust metal housing so that the combined fine filter unit is suitable for temperatures up to 120 ° C.

Air inlet: 1 / 2 in.

Two outlet valves: 1 / 4 inch

With the pressure regulator with gauge allows easy pressure adjustment

Technical data:

Air inlet: G 1 / 2 int

Operating inlet pressure: 15.0 bar (225 psi)

Operating outlet pressure: 10.0 bar (145 psi)

Air flow rated at 6 bars/87 psi: 3600 NI / min (129.6 cfm)

Maximum ambient temperature: 120 ° C

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
