Baseline Switch2824

Highly efficient Gigabit-Switching for small enterprise

3Com® Baseline Switch in 2824 is very favorable, more highly efficiently unmanaged Gigabit-Switch, ideally for dynamic, creative surroundings of small enterprise.

Gigabit speeds of 1000 MBit / p. and Switching with 48 Gbit/pages do justice to the achievement standards even of the range-most intensive uses.

Enlarged Switch functions like Class of service (cos) IEEE 802.1p Datenverkehrspriorisierung guarantee real time uses like videos and audios priority, so that these are explained easily, and allow that the Switches can be used in bigger network surroundings.

The extremely favorable Gigabit-Switch offers extremely a lot with an excellent achievement for a low price.

24 ports with 10/100/1000-Konnektivität

The Switch is preconfigured with work settings by which to instal easily he and immediately is operational.

Improved access to network resources by transference free of blocking

Autonegotiation allows LANs with different ranges

IEEE 802.1p-Priorisierung provides for Kompatibilität with networks which explain real time uses.

Auto-MDI/MDIX for all ports simplifies the installation

The form factor as Einzelrack (1RU) optimises the place need

Design without fan provides for quiet company in small business premises

If free phone help encloses more than 90 days and an enlarged hardware substitute at the next working day

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#).
