max. Grammage: 250 g/sqm

Duplexfunction: Yes - Xeikon One-Pass-Duplex™- Technology

Non-Printable Area: 25mm in total

Printing-Capacity/Month: 700.000 Prints

Machines history:

This machine was used in a big german bank with a lot of digital printing machines that were controlled through IPDS by a central IBM application. It is no longer in use, because they don't need the A2 paper format any longer.

It was a backup machine, so the sitecount for this machine is very low.

Additional Informations:

On request we can offer you the Xeikon DCP 500D Paperinput, Xeikon DCP 500D Paperoutput and the Xeikon DCP 500D Chiller.

Optional we can offer the digital front end Xeikon X-800 or the IntelliStream 3.7. They are not included in this offer.

Please don't hesitate to call us for futher informations.

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
