

BUS-1 detector group module 1-MGMV

BUS-1 detector group module 1-MGMV

VdS-Class C (G 108018)

suitable for intruder alarm systems in accordance with DIN EN 50131-1

Different detectors and connection modules and BUS-distributors can be attached to the BUS-type hold-up and intruder alarm system as BUS-subscribers via a 3-strand "BUS-1" detector bus. Increased user comfort and a higher level of safety is ensured by the selective control and evaluation of the detectors. Ease of installation makes this technology very time and cost effective. The single BUS-1 subscribers have a 6x programming switch to set the subscriber addresses between 1 and 63. In case of VdS systems, please observe that the detector bus subscribers can only be assigned one secure area for each BUS connection line.

1 detector group module to connect conventional detectors to the BUS-1 with additional integrated distributor.

- 1 deletable detector group (i.e. can be reset) to connect max. 20 contact switches or glass-break detectors
- 1 assigned BUS address
- Distributor with 8 soldering lugs
- Plastic housing for surface mounting
- Environmental class compliant with VdS 2110 class II
- Operating temperature range 0 °C to +50 °C
- Protection type IP 40
- Housing made of ABS synthetic material
- Dimensions (W x H x D) 75 x 115 x 27 mm
- Supply voltage range 10 - 15 V DC
- RAL 9016 traffic white
- Standby power consumption approx. 4 mA

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
