

GSM dialer GSF820

GSM dialer GSF820

Not-New

Especially when no landline is available, a GSM dialer provides the only solution to transfer information to the outside. Or maybe it is redundant to a second fixed-line transmission.

The model works GSF820 100% battery powered with up to 5 years battery life. Thus, it is especially suitable for remote locations, whether in the private, commercial or agricultural area. The GSF820 is also still housed in a waterproof housing.

BRAKENSIEK®
SYSTEMHAUS

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
