

Just Standard light Asymmetrical proof light

BRAKENSIEK®
SYSTEMHAUS

Not-New

JUST Normlicht asymmetrical color proof lights are especially suitable for visual color matching. The extremely asymmetrical direction of the interior aluminium reflectors casts light at precisely calculated angles on the viewing surface, eliminating glare and shadows. Asymmetrical proof lights are used in combination with base cabinets with slanted surface. With two brightness levels, electronic ballasts for immediate start without flickering and with digital hour meter.

- Exact directive lighting
- Glare- and reflection-free
- Even illumination
- High light reflection capacity
- Electronic ballasts
- Digital hour meter

Type:

CCP/FD D3-SY-4/40 SI D - 6500 K, electr. ballasts, digital hour meter

illuminated area

H x W 70 x 100

Dimension

H x W x D 80 x 128 x 16

Standard light with wall mount:
total of 8 hooks

Watt 4 x 40

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
